

Because our facility has been recently built, typing our address into your GPS or Maps application may take you to the wrong place!

To ensure you arrive at the correct destination, **follow these directions :**)

1. Take I-15 Exit 275 (Pleasant Grove) West onto 600 N.
2. Take your first left (N 2800 W)
3. The road will curve around a bend and you will see gray buildings along your left.
4. Our facility is located in the last gray building before the doTerra call center.
5. We do not yet have a large sign, but we are located next to the SunPro offices. Our door is small with a white EAVC on the front.
6. We look forward to seeing you soon!
